

Windust Architecture x Interiors

Windust are architects, interior designers, and design strategists based in South Melbourne.

We design quality houses, apartments, townhouses, hotels, workplaces and commercial buildings. Our focus is on creating enduring and sustainable environments, maintaining valued client relationships and making spaces that are A joy to Inhabit.

We are a small team and believe that a learning workplace culture translates to positive design outcomes.

We are currently looking for a passionate and engaged architectural graduate/ project leader to join our team.

Experienced Architectural Graduate/ Project Leader

The successful candidate will have a **minimum 2 years** post-graduate experience, including experience in delivering high end residential architecture x interior projects.

Skills and Experience

- Strong construction and documentation skills (AutoCad + Sketchup, Revit ideally.)
- Ability to coordinate consultant work and liaise with authorities *proactively*
- *Excellent* knowledge of town planning, the building code and approval processes
- *Excellent* communication skills in working with builders, clients, consultants, and other team members.
- *Passion for both architecture and interiors*
- *Professional attitude and a conscientiousness approach to project challenges*

The successful candidate will work alongside, with the support of the directors and other team members in a friendly environment, overseeing projects from concept to completion.

Please submit a detailed CV and portfolio (max 5MB) to info@windust.com.au
