## PROJECT ARCHITECT: METAXAS ARCHITECTS

Busy medium-sized architectural firm close to Melbourne CBD, seeks exceptional project architect to assist our busy design team on a full-time basis.

Our goal is to provide innovative, unique and creative solutions that more than exceed our clients' expectations. Our focus is on strategic planning and on producing quality architecture and urban design outcomes.

We have a considerable and diverse range of projects that focus mainly residential development and other mixed development, leisure and commercial projects.

**We are seeking a talented and committed Project Architect to join our busy team. Registered Architects are encouraged to apply however this is not a pre requisite.**

The successful candidate needs to have the following attributes:

- highly motivated and passionate about design and architecture
- work to deadlines
- Take initiative and self manage
- able to work in a team environment
- work and communicate clearly with all areas of the design team including director and project architects.

Please forward your CV in the first instance to: [georgem@metaxasarch.com](mailto:georgem@metaxasarch.com)

To be considered for this role, you must have approximately 4-6 years experience, capable of working on all stages of a project from initial concept stages through design development and documentation phases. This will be an ArchiCAD environment, and as such, the ability to work confidently on ArchiCAD is preferred.
