

Graduate of Architecture (2-3 years experience) Position

Craig Tan Architects is an award-winning architecture and interior design studio working on a range of architectural and interior design project types with an emphasis on user experience in the public realm.

We are undergoing a growth period and currently have a range of exciting public, residential and retail projects. With this expansion, a new role is opening up for a graduate of architecture with preferably 2-3 years post-graduate experience.

These projects would suit a person with a design eye, who is passionate about developing design concepts holistically through the planning and construction process and refining them down to the level of the crafted detail. Having documentation experience will be looked on favourably.

In offering such a holistic role, we seek motivated people with initiative who will embrace acquiring and honing their new skills in a fast learning environment. Good communication skills, a calm temperament, and the ability to be a team player are also extremely important.

Strong freehand drawing and presentation skills will also be a highly regarded asset.

As a smaller firm, we believe in training and nurturing people to develop a well-rounded skill set, and to ensure that the office philosophy is reflected in every facet of our work.

You will benefit from working closely with the director, Craig, and will be offered a high level of responsibility and the opportunity to rapidly acquire experience in all areas.

This will require an ability to work across multiple projects and be involved in all levels from design development, consultant co-ordination, construction documentation, to assisting running projects on site.

We work in BIM software. Archicad skills are preferred but not essential. Adobe suite skills will be regarded as a pre-requisite.

We are well located in A'Beckett Street, Melbourne, almost a stone's throw from Melbourne Central train station.

Further information is available on our website – www.craigtanarchitects.com

If you think that this is the right position for you, please send digital CV's (less than 5MB) to Craig Tan craig@craigtanarchitects.com, by Friday 31st January 2020.
