

Architect/Designer/Documenter

Job description

Whiting Architects are looking for an experienced architect/designer/documenter with a minimum of 3 years experience to join our team.

Based in Collingwood, our studio is currently working on predominantly residential (single and multi-res) with the occasional commercial project thrown in between and you will be involved throughout all project stages.

We're looking for someone who is design-focused, energetic, experienced in construction documentation and a team player. Proficiency in Autocad and Sketchup highly regarded. If you are interested in joining our team on a full-time basis, please submit a single, PDF including your CV and portfolio with documentation examples, max 5MB to info@whitingarchitects.com

Company Profile

Whiting Architects is an Architecture and Interior Design studio with over 25 years experience, creating holistic, innovative design that challenges the use of space, encourages a positive connection with the environment and improves quality of life.

Whiting Architects are a passionate, enthusiastic and experienced practice that aims to challenge design through innovation and collaboration, while staying authentic and valuing integrity.
