

# CLARE COUSINS ARCHITECTS

## Project Architect

### **Practice Description**

For the past 15 years Clare Cousins Architects has been delivering a diverse range of celebrated buildings, places and interior spaces including housing, workplace, retail, cultural and education projects. Engaged in projects large and small, the studio has a particular interest in projects that nurture community. The core philosophy of high-quality experiential architecture is expressed across the wide range of typologies with the common factors of longevity, efficiency and delight constantly in play.

With a variety of multi-residential projects currently underway including private developments, affordable housing and specialist disability accommodation, we are looking to expand our growing team.

### **Job Description**

Clare Cousins Architects is seeking a design-focused, technically skilled, collaborative and engaged project architect to join our team. Our ideal candidate will demonstrate;

- 7+ years' experience
- Extensive multi-residential expertise
- Demonstrated experience leading project teams for housing, institutional and/or commercial projects
- Rigorous attention to detail
- Highly effective communication skills
- Proficient with client liaison and consultant coordination
- Competent ArchiCAD skills

If that's you, please email a single, attached PDF including portfolio, CV, and cover letter to [studio@clarecousins.com.au](mailto:studio@clarecousins.com.au).
