

POSITION AVAILABLE

ROLE	Senior Project Architect	LOCATION	Richmond (Melbourne)
HOW TO APPLY	Contact our Careers Coordinator Paula Johnson: careers@jcba.com.au (max file size 10MB)		

JCB is seeking an exceptional Senior Project Architect with demonstrated experience delivering high quality / recognised projects.

The successful candidate will have a minimum of 10+ years' experience and work collaboratively to deliver exciting, design-focused projects. Experience in complex education / commercial projects and those involving mass timber construction will be looked upon favourably. Candidates should be able to demonstrate strong construction and technical knowledge and the ability to deliver quality documentation in a team based, collaborative environment.

Position summary

- Work collaboratively with the Design Director and Associate Director
- Lead a team on large scale projects (\$50M+) through all stages
- Manage clients, consultants and team members
- Develop early feasibility/concept work into detailed design
- Lead all aspects of program, scope changes, drawing packages etc to ensure highest quality project outcomes
- Prepare documentation to a high degree of accuracy
- Understand the construction method of the project being documented
- Assist in the preparation of construction detailing and documentation
- Prepare documentation in accordance with timelines and deadlines

Salary commensurate with experience.

About you

You're an experienced individual with strong Revit skills, able to apply strong design, design development and construction knowledge to projects.

To be successful in this role you'll need:

- Experience on large scale projects such as commercial towers and institutional projects
- Experience working from concept design to project delivery
- Strong communication skills and experience liaising with clients and contractors
- Knowledge of planning and approval process – BCA, DDA, TP
- Strong ability to work as part of a collaborative team
- Proven background of medium to large scale projects
- NCC and Australian Standards working knowledge
- Excellent communication skills and ability to proactively communicate with clients, consultants and colleagues
- Capacity to work as part of a team with the ability to work autonomously as required

Eligibility to apply for this position requires Australian residency or appropriate Australian or New Zealand work visa.
