

Positions: Project Architect
Salary: Negotiable upon experience
Job type: 4-5 days per week
Location: St Kilda

Our practice is looking for a reliable, highly organised, and confident registered architect to join our team. You should have 5 years of experience in the high end residential sector of Australian design, and confidence working across the life of a project from concept design to contract administration. You must have proven architectural documentation skills and excellent construction knowledge. Advanced AutoCAD and Sketch Up skills are essential.

Please forward your CV to studio@robsonrak.com.au.
