

CLARE COUSINS ARCHITECTS

Mid-Level Interior Designer

Practice Description

Since 2005 Clare Cousins Architects has been delivering a diverse range of celebrated buildings, places and interior spaces. Engaged in projects large and small, the studio has a particular interest in projects that nurture community.

Job Description

We're looking for a talented interior designer to join our growing team to work on a broad range of exciting projects including bespoke houses, community-minded multi-residential buildings, and commercial projects. The role will involve working collaboratively with others as well as leading interior focussed projects. Our practice has a strong focus on delivering highly functional, delightful, sustainable environments.

The role offers an opportunity to work across varying typologies in a collaborative studio environment. Working across all project phases, the role is suited to team players who also enjoy working autonomously. Our ideal candidate will demonstrate;

- Experience leading interiors projects (from concept design to delivery)
- Demonstrated documentation experience
- Rigorous attention to detail
- Highly effective communication skills
- Conscientious
- Proficient client liaison and consultant coordination
- Proficient in 3D modelling software – preferably ArchiCAD

If that's you, please email a single, attached PDF including portfolio, CV and cover letter to studio@clarecousins.com.au.

Qualifications

Architecture, Interior Architecture, or Interior Design degree

Remuneration

Salary dependent on experience

Years of Experience Needed

We're keen to speak to candidates with a range of experience
