Why Would You Want To Work For Philip Leeson Architects?

- Design Focused – We want quality design outcomes and provide Architects with the freedom to pursue their design aspirations and push the limits. Our projects are self directed and you will be presented with opportunities to explore your own identity in design.
- Variety – We take on all sorts of different types of projects and you will definitely have to opportunity to expand your skill set and be exposed to projects outside your current expectations.
- Flexibility – We cater the work environment to fit your needs, allowing working from home, flexibility with childcare, taking additional time off etc. We do our best to meet your needs.
- Collaboration – We encourage close collaboration between team members to share and build upon each others experience.
- Work Life Balance – Its encouraged to have hobbies and interests outside the office and be provided the flexibility to enjoy them.
- People – A friendly, collaborative and inclusive team.
- Training – We encourage upgrading of skills and will work with you to achieve your goals.
- Mentorship – We have a number of extremely experienced Architects that are happy to convey their knowledge and assist on projects.
- Adaptive – We are open to new ideas and are happy to adapt the business to reflect different perspectives.
- Opportunities for Advancement – Significant internal growth opportunities.

Qualifications

- 5+ years experience
- Current Architectural registration
- Strong design skills
- Sound construction knowledge
- Exposure to contract administration
- Experience in built heritage would be considered an asset
- Strong interpersonal skills
- Able to collaborate on projects and take on advice
- A confident decision-maker
- Experience in ArchiCAD would be valuable
- Someone who takes initiative
- Willing to mentor other team members when opportunity for growth
- Ability to multi-task

The Role

- Collaborate with a team of Architects and Interior Designers to deliver a variety of high quality design oriented projects.
- Managing design and documentation packages ensuring quality control to achieve project requirements.
- Oversee design development from project initiation, concept development through documentation, tendering and contract administration.
- Collaborating with our team of preferred subconsultants to ensure document coordination.

- Acting as a key contact for clients: understanding briefs, initiating contracts, maintaining relationships.
- Taking a positive approach and mentoring junior Interior Designers and Architects.
- Continuously thinking strategically to assist in driving our growing company and implement any enhancements as needed.

Our Profile

Our core architectural services include master planning, architectural and interior design, heritage advice, construction documentation and contract administration.

PLA has a proven record of architectural, planning and conservation services to public and private sector clients. The practice has developed a reputation for its client and community oriented approach and strong design focus in the architectural and interior design of public, community, institutional and commercial projects, as well as multi-unit and single residential housing. The practice has completed a significant body of work including aged-care projects, state and territory government developments, conservation and planning studies, and private and public housing
