

Project Architect with 7-10 years experience – Full time position

Craig Tan Architects is an award winning boutique architecture and interior design studio working on a range of architectural and interior design project types including: hospitality, hotels, retail, residential, commercial, education, institutional and masterplanning.

We currently have a range of exciting masterplanning / commercial and adaptive re-use projects, and have an employment opportunity opening up for a project architect with 7-10 years experience. Preference will be given to registered architects, however, graduates with suitable experience are welcomed as well. More experienced architects will also be considered should they apply.

As a growing design practice, we seek a project architect who can lead complex projects, whilst contributing positively to the office culture.

These projects would suit a person with a design eye, who is passionate about developing design concepts holistically through the planning and construction process, and refining them down to the level of the crafted detail. As a more senior role, it will be important to have experience in all areas, and a strong grounding in construction documentation, co-ordination and detailing, and site attendance. Applicants will need to have experience in complex commercial projects, management of consultant teams, and the ability to manage multiple projects at the same time.

In offering such a holistic role, we seek motivated people with initiative who will embrace honing their skills in a fast learning environment. Good communication skills, a calm temperament, and the ability to be a team player are also extremely important.

As a growing firm, we believe in training and nurturing people to develop a well-rounded skill set, and to ensure that the office philosophy is reflected in every facet of our work.

You will benefit from working closely with the director, Craig, and will be offered a high level of responsibility, and a broad diversity in your role.

Archicad skills are preferred but not essential. Adobe suite skills will be regarded as a pre-requisite.

When not in lockdown, we are well located in A'Beckett Street, Melbourne, almost a stone's throw from Melbourne Central train station.

Further information is available on our website – www.craigtanarchitects.com

If you think that this is the right position for you, please send digital CV's (less than 5MB) to Craig Tan at info@craigtanarchitects.com, by Monday 18th October 2021.
