

## Practice Profile

Windust Architects x Interiors believes that good design should tell the story of the people who use it, and provide a harmonious backdrop for them to lead joyful and connected lives. We aim to create architecture that is affordable and accessible, so that more people can experience the beauty and joy of well-designed built environments.

Since 2009, we have been delivering on this promise, and have an exciting pipeline of the residential projects coming up, and we are looking to grow our team.

## Graduate of Architecture/ Architect

We are looking for a talented graduate/ Architect with a minimum of 2 years work experience (preferably local) including experience in designing + documenting high end residential homes.

Our ideal candidate will be:

- Well organised and experienced in leading small projects.
- Excellent communication and coordination skills in working with team members, builders, clients, consultants, and authorities.
- Demonstrated documentation experience (preferably in ArchiCAD).
- Professional attitude, eye for detail, and a conscientiousness approach to project challenges.

The successful candidate will have the support, and work alongside the directors and other team members in a friendly environment, overseeing projects from concept to completion.

You will benefit from a supportive learning workplace culture, with the directors invested in the positive development and wellbeing of all.
