Dear Lisa

Thank you for your meeting request to the Hon James Griffin MP, Minister for Environment and Heritage, to discuss the MLC Building North Sydney Heritage Listing.

Given the Heritage Council is taking legal advice on the next steps in relation to the Court's judgment that the State Heritage Register listing was unlawful, it would not be appropriate to meet at this time.

We welcome your reconnection in the future to seek the Minister's availability.

Thank you once again for contacting the office of the Minister.

Yours sincerely,

Office of the Hon. James Griffin MP  
Minister for Environment and Heritage
