

LIMINAL STUDIO

LIMINAL Studio is hiring | Hobart and Melbourne

LIMINAL Studio invites new LIMINALs to join our globally acclaimed creative team and play an integral role in shaping our future.

We are currently expanding across Hobart and Melbourne and hiring team members to fulfil three roles – if you are a talented and team-oriented **Experienced Project Architect, Architect** or **Graduate of Architecture**, we would love to hear from you!

Those who thrive in a collaborative culture, are driven in their pursuit of excellence and who find fulfillment in shaping a future world with clever, socially responsible and beautiful ideas will feel at home with the LIMINAL team.

We welcome those who value contributing to a carbon zero workplace with a focus on diversity, gender equity and a deep respect for the original custodians of our land. We seek those who share our values of beauty, curiosity, excellence, generosity, integrity, leadership, passion and success.

We take our creative development seriously by engaging in nurturing, fun and fulfilling processes. To do this we:

- engage with sectors, collaborators and clients who inspire and challenge us
- inform our conceptual processes in architecture through involvement in transdisciplinary projects, ranging from object and furniture design, contemporary performance design, or event spaces and exhibition curation
- create atmospheres and collaborations that lead to idea-generating 'dinner party epiphanies'
- work collaboratively with thought leaders, choreographers, artistic directors, writers, actors, artists, designers, fabricators, educators - no matter where they are in the world
- nurture global project opportunities
- host monthly salons where inspirational guests at the top of their game join the Studio for an evening of creative exchange
- provide engaging professional development opportunities and training for our team

ROLES OVERVIEW

Experienced Project Architect

As an Experienced Architect with 10+ years' experience, you demonstrate leadership and are an all-rounder in the delivery of architecture and design projects.

You are a creative, critical thinker with the impressive ability to push conceptual design, its development and resolution, to the next level. You have a growth mindset, can resolve and coordinate complex outcomes and are an outstanding communicator who can lead project teams to deadline with rigour and expertise. You are a maestro at juggling the delivery of multiple projects with the ability to distil priorities when confronted with competing demands.

You actively seek inspiration across disciplines, have diverse interests and are constantly fuelling your curiosity.

As a leader in the Studio, you use your initiative and are driven by the desire to explore the full potential of every idea. You strive for excellence and always seek the best outcome rather than the easiest path. You are progressive and ignite the minds of your teammates, and promote the value of working in a collaborative environment because you understand that an inspired, cohesive team can achieve better creative outcomes than any one individual.

Technically you are competent at running projects of all scales, skilled at documentation through all project stages, have an eye for detail, and an extensive understanding of the latest products and materials underpinned by sustainability principles. Your knowledge of 3D modelling and presentation software is fine-tuned with competency in ArchiCAD and the Adobe Creative Suite a must; SketchUp and Rhino desirable.

Architect

As a Registered Architect with 5+ years' experience, you have a strong balance of creative and technical skill and are an all-rounder in the delivery of architecture and design projects.

You are a conceptual thinker with outstanding design and problem-solving ability who is curious and inspired across other design disciplines. You have experience working on complex projects with the ability to resolve and coordinate outcomes, with rigour, and to deadline. You are able to take direction to inform and complete an overall design, while mentoring younger designers.

You understand that a committed, talented team of individuals will always have more success than any individual.

Technically you are competent at running projects of varying scales, skilled at documentation through all project stages, have an eye for detail, and an extensive understanding of the latest products and materials underpinned by sustainability principles. Your knowledge of 3D modelling and presentation software is fine-tuned with competency in ArchiCAD and the Adobe Creative Suite a must; SketchUp and Rhino desirable.

Graduate of Architecture

As a Graduate of Architecture, you are creative, enjoy working within a collaborative team and are motivated.

You are a conceptual thinker with design flair and a growth mind set. You are curious and know that problems exist to be creatively solved. You take direction to complete and augment an overall design, pushing the potential while understanding the team's direction. You apply rigour, have a growth mindset and actively contribute to the Studio culture.

Technically, you will be off to a flying start with documentation, possess advanced 3D modelling skills and be confident working in ArchiCAD, Sketchup, other 3D computational software and the Adobe Creative Suite. You'll naturally embody design acumen, be astute in problem-solving and interested in self-development.

HOW TO APPLY

For applications to be considered they must be in writing and include:

- a one-page cover letter outlining:
 - the value you would bring to the position
 - why you would be a good cultural fit for LIMINAL
 - your response to our values and why they are important to you: creativity, beauty, excellence, generosity, integrity, leadership, passion and success
 - an indication of anticipated salary package commensurate with your skills and experience.
- a current CV and portfolio
- a list of the software packages you are proficient in, with a competency score out of ten for each package
- the names and contact details of two professional referees.

Applications are to be emailed to contact@liminalstudio.com.au by 5pm AEST on Friday 30 September 2022.

Please note LIMINAL will only respond to shortlisted candidates. Applications will be treated in the strictest of confidence.
