

TAYLOR KNIGHTS

Project Architect / Experienced Architectural Graduate (5+ Years Local Experience)

Taylor Knights is a design-led architecture studio based in Fitzroy, delivering carefully considered high-end residential and commercial projects. Our work is driven by a focus on thoughtful design, careful material resolution and well-executed buildings.

We are seeking a Project Architect or experienced Architectural Graduate with a minimum of five years' local experience to join our team and play a key role in the delivery of our projects.

The successful applicant will contribute across all stages of project development, from early design through to documentation and construction. Working closely with the directors, you will help guide projects through all stages of development and technical resolution, coordinating consultant teams and contributing to the overall direction and delivery of the work. This role suits someone who is highly organised, proactive and motivated by design quality, and who enjoys working within a small, collaborative studio environment.

Applicants should demonstrate:

- Strong architectural and spatial design ability
- Strong visual and graphic communication skills
- Solid understanding of construction principles
- Ability to coordinate consultant documentation
- Clear written and verbal communication
- Ability to work collaboratively
- Strong initiative and sound judgement
- Excellent organisational skills
- Eligible to work in Australia

Technical skills:

- Advanced Revit proficiency (essential)
- SketchUp (essential)
- Adobe Indesign, Illustrator, Photoshop

Salary will be commensurate with experience and capability.

How to apply:

Please email a single PDF including:

- Cover letter
- CV
- Portfolio (max. 10MB)
