Victorian Architecture Awards

About the Awards Program

The VIC Architecture Awards are part of a National Awards program and consist of a series of events and extensive promotion over several months.

Members are invited to enter recently completed projects in a range of categories for peer review.

The Awards provide an important mechanism for architects to gain public and peer recognition, and for the Institute to promote Victorian architecture locally and internationally.

The program culminates with the virtual Awards Presentation presented on our Institute YouTube channel.

Award winning projects at State and Territory level go forward to the National Awards for review by a National jury. Victorian projects historically perform very well at this National level.

Showcase

Presentations of your products & services to our members

Showcase seminars provide the perfect forum for the presentation and exhibition of product and service information. The Institute offers architects and building design professionals the opportunity to learn about new products and services from a select group of companies. This unique event enables you to present educational information directly to an influential audience. Each session is pre-recorded with a Chair (host) provided by the Institute and uploaded and showcased to the Institute's YouTube channel indefinitely
