INTRODUCING

The Australian Institute of Architects WA Chapter

Established in 1930, the Australian Institute of Architects is the peak body for the architectural profession in Australia, representing over 14,500 members in Australia and overseas, more than 1,200 of which are based in Western Australia.

Our member practitioners range from students, graduates and emerging professionals through to eminent and retired architects. We represent sole and small practices through to large national and multinational firms.

Practice members and registered members are primary decision-makers, advising clients on building design and selection of construction systems, materials, products and components across commercial, retail, institutional, industrial and residential building sectors.

There are numerous benefits in partnering with us including:

- **Brand awareness:** partnering with the Institute gives your brand exposure to over 1,200 industry professionals in WA.
- **Build relationships:** gain access and build quality relationships with key decision-makers within the industry through networking events, publications and more.
- **Brand alignment:** align your brand with the peak industry body for architecture and design.
- **Promote your services:** develop dedicated meeting, learning and networking platforms to showcase your products and services and build awareness of and interest in your company's innovations.

YOUR PARTNERSHIP

with the Institute's WA Chapter

We welcome the knowledge and expertise that our corporate partners bring to the Institute, enabling us to provide high-quality programs for our members across WA.

We are proud of our long-term partnerships with built environment policymakers and suppliers from around WA.

In joining our sponsor program you will benefit from being part of a 'family' of partners, including the WA Government, local councils, allied professional firms, builders, product suppliers and events/hospitality companies.

Our program partners include major institutions, peak built environment bodies and universities.

WA Architecture Awards

KEY 2024 PROGRAM DATES

Entries Open	13 November 2023
Entries Close	12 February 2024
Presentation to juries	24 February 2024
Awards Livestream	7 June 2024
Awards Presentation	7 June 2024

The WA Architecture Awards form part of a National Awards program and consists of a series of events and extensive promotion over several months.

Members are invited to enter recently completed projects in a range of categories for peer review.

The Awards provide an important mechanism for architects to gain public and peer recognition, and for the Institute to promote WA Architecture locally and internationally.

The program culminates with the Awards Presentation — a large scale event held annually in June, which announces the Award winners. This event attracts up to 500 guests for the face-to-face “Celebrating Architecture” party and more via live stream (over 3.7K views in 2020 and over 1.4K views in 2021).

A digital exhibition of entries is also displayed as part of this event, both on digital tower in Yagan Square and via dedicated website.

Award winning projects at State and Territory level go forward to the National Awards for review by a National jury.

Support our emerging architects' 2024 program

EmAGN WA is our Chapter's Emerging Architects and Graduates Network.

Young, energetic and future-focussed, EmAGN aims to create a culture of architecture within a younger demographic, contribute to public discourse about the changing profession and environment, support graduate members and connect with other design and built environment professionals and the general public.

The WA Chapter's incredibly active EmAGN committee organises and presents a range of educational, social and advocacy events for emerging architects and graduates. These events provide a unique opportunity for industry supporters and suppliers to engage with our profession's future leaders and decision makers.

The EmAGN Networking Series and 3 Over / 4 Under event provide opportunities for cross generational learning and mentoring of various professions within the built environment and creative design industries.

The EmAGN RegiFrustration series is a core to the EmAGN program and supports graduates of architecture who are working towards registration as an architect. The RegiFrustration events are held virtually and face-to-face. Experienced practitioners are engaged to provide practical advice and support to the registering your architects. As a sponsor, you will have the opportunity to engage with our emerging architects through your support for the RegiFrustration series.

As our EmAGN Partner you can support our emerging architects' 2024 activities, from lecture series, meet-ups with allied professionals in the built environment (i.e. young planners and engineers), social events, peer-to-peer mentoring programs and much more.

The Architect

The Architect journal produced by the WA Chapter of the Australian Institute of Architects is Australia's most enduring architecture journal and has been in print since 1939. Covering a broad range of projects and issues over the past nine decades, its purpose is to advocate on behalf of the architecture profession and the community to improve the quality of the built environment in Western Australia and beyond.

The journal's primary target audience is members of the Institute and associated professionals, including town planners, designers, builders, engineers, quantity surveyors and construction industry executives as well as clients and the general public.

The Architect showcases the best of Western Australia's residential and commercial projects, presenting the work of leading WA architects, photographed by some of our best photographers.

The magazine is distributed to all business members and is available in [digital format](#) and shared across our social channels.

The Australian Institute of Architects advocates on behalf of the architecture profession and the community to improve the quality and amenity of the built environment.

The Architect patrons support the Institute in continuing to deliver high quality content in hard copy and online.
