

Architect Position Available

We are seeking an experienced graduate of architecture or a Registered Architect with 3 to 5 years' experience.

Preferred Skill Set:

- Dedication to producing quality architecture
- Excellent design sensibility
- Good collaborative and interpersonal skills
- Proven Contract Documentation experience
- Proficiency in REVIT
- Software familiarity in Sketch-Up, Adobe Creative Suite and Illustrator

What Maddison Architects stands for:

- Creating meaningful and original architecture
- Building a sustainable future including being part of Architects Declare
- Supporting staff diversity and gender balance
- Nurturing and encouraging professional development
- Providing a quality outcome at all stages and service provision
- Respecting client briefs and budgets

Workplace:

- A friendly office culture
- Medium sized collaborative practice offering opportunity for staff to development
- A fully renovated studio/warehouse environment
- Close to bustling Clarendon St retail precinct
- Tram at the front door
- End of trip bike facility and free off-street parking
- Latest hardware, software and motorized workstations provided

The Position:

The position offered gives the opportunity to engage with all phases of practice including Master planning, Design, Documentation, Contract Admin, client liaison and site visitation.

We create an original architecture across residential, hospitality, educational and commercial projects all with a high design sensibility. Our projects are three-dimensionally modelled, tested, and discussed prior to being presented to our client groups. We are a highly awarded practice.

Remuneration and conditions will be negotiated depending on skills and experience.
