Experienced Graduate of Architecture or Architect position

About us

We are one of Canberra's most experienced boutique architectural practices focusing on significant commercial and institutional projects in the private sector as well as health and education projects in the public sector. May + Russell Architects are committed to promoting a rewarding and satisfying workplace that is team orientated and design driven.

Job description

We are looking for an experienced Graduate of Architecture or an Architect who could add value to our developing design studio. The qualities we are looking for include:

- a good work ethic
- demonstrated capability to work cooperatively in a team environment.
- willingness to analyse and input design ideas on a collaborative basis with other team members
- ability to work with minimum supervision
- documenting ability with a minimum of 2-3 years Australian experience working efficiently in Revit, preferably on significant projects and a range of project types
- working knowledge/understanding of NCC and A.C.T. development codes
- leadership potential an advantage

Remuneration

Salary will be commensurate with experience.

To apply

Please forward your full resume and portfolio inclusive of your design and documentation work, and any achievements you may wish to mention to Lisa Morrissey at pmpr@mayrussell.com.au. Please also provide a description of your experience, career objectives, referee details, availability, and remuneration expectations.

*Note that only Australian citizens and permanent residents need apply
