

RE: FULL-TIME PROJECT ARCHITECT OR EXPERIENCED GRADUATE ROLE

Sibling Architecture is looking for an outstanding and passionate project architect or experienced graduate to join our team in Melbourne.

Why work for Sibling

Sibling Architecture is one of Australia's freshest design practices founded in a spirit of collaboration. This social desire to engage in open debate, and with contemporary architectural practice, is reflected in our strong mix of projects in the educational and cultural sectors, and underpinned by our experience in architecture, urban design, landscape architecture and interior design. We are seeking someone interested in leading a variety of projects in scale, type and sector: from educational and civic buildings, to urban design, residential architecture, design research and exhibition design.

The ideal candidate is design-focused and technically skilled. Experience in educational, public and cultural projects is preferred, but not essential.

You will need to demonstrate:

- Confidence in design
- Clear communication, both verbal and written
- Proficiency in technical documentation including coordination of architectural design sets
- Experience in running projects including dealing with consultants, clients and managing timelines
- Graphic skills for presentations
- Proficiency in Revit, Rhino and Adobe Suite are a plus
- Strong time management skills including the capacity to negotiate and prioritise conflicting priorities
- Delivering quality projects on time and budget
- Conducting regular reviews and quality assurance with your project team
- Contributing to our studio culture of research and learning
- Your qualification: Degree/s in architecture
- Registration with the Architects Registration Board of Victoria, or equivalent a plus but not essential
- Rights to work in Australia

To apply for this position, please forward your CV and portfolio with Project Architect in the subject heading to sister@siblingarchitecture.com prior to Tuesday, October 5th. Interviews will be held after this date.
