

## Architect / Architectural graduate or Revit documenter

**Thomas & Williams Architects need you.** We have some amazing projects on the board, and we would love you to consider joining the team here. We are a friendly bunch & love to have fun while getting the job done. We really appreciate that a comfortable *work life balance* leads to creative design & unique ideas.

### Our practice:

We are a small and incredibly friendly practice specializing in individual residential projects. We really workshop our designs and we love the design & construction process. We have a small but cool office in the Paris end of Malvern.

We understand the importance of flexibility in the workplace so would consider part time applicants also.

If you tick the boxes below, we would love to hear from you:

- A passion for architecture & detail – Desire to create something beautiful.
- Good communicator – love to discuss ideas & workshop design concepts.
- Team player while happy to work solo from time to time.
- 2 years or more dealing with Vic Regs & Australian Standards (including general knowledge of these).
- Have full working rights in Australia (unfortunately we cannot offer sponsorship).
- Are looking to work in a fun & relaxed atmosphere at an office surrounded by great cafes.
- Have excellent knowledge of *Revit* & demonstrated operator skills (we only use Revit).

If you might be interested, please forward CV's to Stu [swilliams@architectstw.com.au](mailto:swilliams@architectstw.com.au)

Instagram: Architects\_tw      Internet: [www.architectstw.com.au](http://www.architectstw.com.au)

Terms of work are negotiable & Salary is negotiable – Happy to discuss both.

We would love to hear from you.

Stu Williams

Architects TW: 4 Claremont Ave Malvern 3144. [www.architectstw.com.au](http://www.architectstw.com.au)
