

**BAU ARE HIRING !**

**Brearley Architects + Urbanists (BAU) are an award-winning, multi-disciplinary practice with offices in Melbourne and Shanghai.**

**Architect 1- 5 years working experience.**

**Work on a range of S, M, L and XL public projects. Many of our projects are in China and are thus design intensive, large scale, high speed, challenging and exciting. We work closely with our Shanghai office of fifty personnel, established in 2001. We work across urban design landscape, interior design and architecture. Urban design is of a scale 1 – 10sqkm. Landscape projects are large scale new public parklands involving various bridges, playgrounds and pavilions. Interiors are generally those of our architecture projects. Architecture jobs include whole school designs; high density housing; sports, retail and leisure projects; office developments; and cultural projects.**

The BAU Melbourne Office is seeking an architect with excellent design, modelling and presentation skills. Applicants are required to have a proven experience translating ambitious ideas into architectural designs via 3D models, drawings, and graphical presentations. Guided by a senior leader, the architect will generate concept and competition designs for projects of various scales and typologies - developing and testing the designs in often short time frames. The architect will also work on a range of smaller local projects. We are located at 117 Fitzroy Street St Kilda, in a strip front studio.

Requirements:

- Strong conceptual, graphic and design skills.
- Excellent Rhino modelling skills
- Excellent graphic and presentation skills
- Strong AutoCAD and Adobe Suite skills
- Confidence in working in a complex, international environment
- Good interpersonal skills and the ability to work well in a team
- Mandarin language skills useful
- 1-5 years of experience preferred

Please send CV, short cover letter and portfolio (PDF Format, Max. 5MB total) to [hr@bau.com.au](mailto:hr@bau.com.au), CC: [Shirley@bau.com.au](mailto:Shirley@bau.com.au)
