

# BREATHE

## Now Hiring: BIM Manager / Documenter

Role Available: Immediate

Breathe is looking for an experienced BIM Manager / Documenter to join our team. Previous experience as a BIM Manager and Documenter in Archicad on large, complex projects is essential. Construction knowledge will be looked upon favourably.

### Role & Responsibilities

- Develop and maintain the BIM Management strategy for the office
- Implement and maintain Archicad & Bimcloud systems and procedures across the office
- Implement strategies to improve documentation efficiency in complex projects
- Liaise with project teams to ensure systems and procedures are being upheld
- Maintain general training through workshops and policies and guideline reference documents
- Assist with the coordination of external consultant models
- Manage general IT processes (with IT support as required)
- Assist with project documentation of complex large scale projects

Essential attributes include: tenacity, a thorough attention to detail, problem solving and the strong belief that architecture can be harnessed as a powerful tool for positive change.

The Breathe team work incredibly hard and collaboratively on projects that are focused on sustainable, social and environmental outcomes - its not always glamorous, it's not always fun, but we are relentless and always strive for the most meaningful solution.
