

# CHEAH SAW ARCHITECTURE

## Architect / Experienced Architectural Graduate

Dec 2023

We are a design-focused architecture studio working across a range of project types and scales, with a passion for crafting evocative designs that nurture engaging and memorable experiences.

We are seeking a talented and driven Architect or Experienced Architectural Graduate who has delivered exceptional and innovative contemporary architecture, with a minimum of 4 years full time professional experience.

The successful candidate will be passionate about the built environment and it's potential to make a difference and share our obsession with creating thoughtfully considered and rigorously detailed buildings.

The role will involve working closely with directors to maintain design intent and continuity throughout all stages of the project, from conception through to technical resolution and completion.

### Key Responsibilities

- Work collaboratively with directors and the wider studio
- Preparation and presentation of conceptual work including 3D Visualisation and Graphic Design
- Producing exceptional design work through all stages of the project
- Timely preparation of documentation to a rigorous level of detail
- Liaising with clients, authorities, consultants, builders and colleagues

### Skills and Experience

- Specific experience in the design and documentation of complex, detailed and carefully crafted buildings – particularly residential and multi-residential projects
- Experience in managing as well as directly working on all project stages – from concept design, documentation through to project delivery
- High level of proficiency in Revit, AutoCAD, Indesign, Photoshop, Microsoft Office, Rhino and Enscape
- Excellent communication skills (written, verbal, and visual) and experience liaising directly with clients, consultants and builders
- Working knowledge of the planning process and building regulations
- Be self-motivated, with the ability to work independently as well as collaboratively in a studio environment

This exciting career opportunity is a permanent, full-time position.

Remuneration will be commensurate with experience.
