

# Proposed Committee Structure for the Australian Institute of Architects

We advance architecture together

The Australian Institute of Architects acknowledges First Nations peoples as the traditional custodians of the lands, waters, and skies of the continent now called Australia. We express our gratitude to their elders and knowledge holders whose wisdom, actions and knowledge have kept culture alive.

We recognise First Nations peoples as the first architects and builders. We appreciate their continuing work on Country from pre-invasion times to contemporary First Nations architects, and respect their rights to continue to care for Country.

## Consultation Findings

**Across all consultations, stakeholders agree the Institute's committee structure must:**

- be reimagined to amplify member impact,

- prioritise Institute-wide benefits over local silos.

**Four overarching themes emerged:**

**Clear Mandates and  
Governance**

**Capability and  
Leadership**

**Communication  
and Knowledge  
Management**

**Institutional  
Alignment and  
Culture**
