

**About**

Chan Architecture is a boutique, award-winning Melbourne based architectural practice with a strong focus on design.

**Position**

We are looking for a self-motivated project architect with at least 5 years' experience preferably in high end design-focused residential projects.

Proficiency in ArchiCAD, AutoCAD and Sketchup is a must.

Candidate must have strong residential documentation skills and have a good understanding of planning and building regulations. Contract administration and ARBV registration would be ideal.
