We are hiring!

Chan Architecture is a boutique Melbourne based architectural practice with a strong focus on design.

We are looking for a project architect with at least 3 years' experience in design-focused residential projects.

Proficiency in ArchiCAD and Sketchup is a must.

Candidate must have strong residential documentation skills and have a good understanding of planning and building regulations.

Contract administration experience and ability to work independently would be preferred.

If this sounds like you, please email your CV and portfolio to info@chanarchitecture.com.au
