

DELIGHT

2019 QLD REGIONAL CONFERENCE

Held in Cairns, the third Queensland Regional Architecture Conference will provide a platform for inclusive and collaborative engagement through the theme of DELIGHT. The conference will foster an intimate forum that introduces big ideas, encourages interactive discussions and builds lasting collaboration, culminating in an experience you'll really love.

Revel in collaboration with fellow architects, members of the community, our partners and sponsors and leave with the renewed inspiration to change the way you and your practice work.

A stellar list of speakers will inspire you on the benefits of collaboration by sharing their vision and knowledge. The speakers and the conference program can be viewed on the reverse of this flyer.
