

# SENIOR ARCHITECT

**Term:** Full Time

**Salary:** Negotiable, commensurate with experience

## About the company

Ewert Leaf is a dynamic, multi-disciplinary architecture and design studio distinguished by an innovative yet commercial approach to design solutions.

Our diverse portfolio of work spans private residential, multi residential, commercial, hospitality, retail, and aged care sectors.

The studio leaders are passionate about mentoring and developing talent to shape the future of the industry in the way we work, learn and live.

Nestled close to Albert Park in South Melbourne, our practice is an engaging, community focused collaborative space.

## The Opportunity

We are seeking a talented Senior Architect who has a passion for design and is looking to further develop their expertise. This role offers the opportunity to work collaboratively with the architecture and interior design teams across a diverse range of projects, with a focus on the multi residential and commercial sectors. Previous experience in the multi-residential sector is a must.

You will have the opportunity to contribute to and lead a variety of exciting projects through all phases including Feasibility, Sketch Design, Town Planning, with particular expertise in Construction Documentation, Construction Services and Contract Administration. Proven experience in all phases of project delivery is essential.

## About the role

As a registered Architect you possess strong design and documentation skills and have an in-depth understanding of the details and technical knowledge required in the delivery of multi residential and commercial projects. You are curious and consider the big picture yet are also resourceful and thrive on problem solving and workshopping innovative design solutions within a team environment.

As a motivated and proactive professional, you will confidently and effectively communicate with clients, consultants and other stakeholders.

In your role as an experienced project leader, you will be the first point of contact for clients, provide guidance to team members and actively contribute to the resourcing and financial management of your projects. In conjunction with managing the various stakeholders, you will also be able to manage a small project team.

You will actively seek to develop skills through attendance and participation in learning events including training and briefing sessions run by the practice and completing necessary requirements to maintain registration with the Architects Board.

You have strong written, verbal and graphic presentation skills. You enjoy working in a fast-paced environment, with flexibility to be working across several projects and stages concurrently. Above all, you have a passion for design and you will seize the opportunity to lead a team through all project stages, engage in our collaborative studio community and drive unique design solutions.

## Skills and experience

- A recognized Degree in Architecture and current practicing registration as an Architect in Australia
- Demonstrated significant local, post registration experience across all project stages from inception to completion
- Proven track record in the multi-residential and commercial sectors is essential, with further experience in aged care, hospitality or retail sectors advantageous
- Outstanding design and presentation skills which can be translated through Feasibility, Sketch Design, Design Development, Town Planning and Construction Documentation packages
- Proven consultant coordination and client management skills
- Excellent technical, construction and regulatory knowledge
- Proven Project Lead and team management experience
- Proficient in AutoCAD, Revit, Sketchup and Adobe Creative Suite

## Personal qualities and behavioural traits

- A passion for multi-residential and commercial design
- Excellent communication skills with a collaborative approach
- Strong organisational and time management skills
- A keen eye for details and solutions focused
- Exceptional ability to engage and build relationships with stakeholders across all levels
- Confidently contribute to multiple projects at one time, including managing a team, client deliverables and timelines

## How to apply
