# Experienced Graduate Architect

## Job Opportunity

RBA Architects + Conservation Consultants is an award-winning practice specialising in architecture, heritage conservation, and adaptive reuse. Based in St Kilda, we work on some of Victoria's most significant heritage buildings, balancing conservation, design, and innovation to achieve meaningful, lasting outcomes.

### What we are looking for

---

We are seeking a motivated and experienced graduate of architecture with 3 – 5 years of post-graduate experience to join our growing team. This is an on-going full-time position and you will be working closely with the Director, Principal Architect and broader team to utilise and develop your skills to deliver successful conservation, adaptive re-use and contemporary architectural projects. Our ideal candidate will have demonstrated experience working in the field of built heritage conservation and adaptive re-use, they would be a friendly multitasker who values contributing to a positive and supportive workplace culture.

### What you'll need to succeed in this role

---

- AACA accredited architectural qualification - essential
- A passion for architecture and built heritage - absolutely essential
- Advanced experience in REVIT and AUTOCAD documentation - essential
- Experience undertaking building condition assessments, analysing defects and documenting remediation works - highly regarded
- Experience in documentation from concept through to construction phase - highly regarded
- Experience in creating digital twins through photogrammetry - highly regarded
- Experience producing architectural renders in Photoshop, Rhino, 3dMax - highly regarded
- Ability to take initiative and work independently with the support of senior mentors
- A collaborative and growth mindset
- Knowledge of best-practice conservation techniques, statutory heritage authorities (including commonwealth, state and local government authorities), relevant NCC and Australian Standards;
- Excellent verbal, graphic and written communication skills – with the ability to collaborate and liaise with clients, consultants and contractors
- A willingness to positively engage with the team and contribute to office culture

### What we offer

---

This role is the perfect opportunity for an experienced graduate architect who is dedicated to a future career in the evolving discipline of contemporary heritage. It provides a long-term opportunity to develop your skills with ongoing training and support, including pathways towards registration.

You'll be joining a creative, inclusive and supportive workplace culture, with the opportunity to play a key role in helping the team deliver meaningful, heritage-focused projects. Our character-filled office in St Kilda is conveniently located close to public transport, and you'll have access to an extensive in-house library and a knowledgeable expert team who understands the importance of balance, downtime — and cake. We are committed to flexibility for employees and seek individuals eager to make the role their own, with a long-term commitment to our practice.
