

Gardiner Architects is a small architecture practice based in North Fitzroy. We are seeking a passionate senior project architect, registered with at least 5+ years local post-graduate experience to join our team.

In this role you will be managing several projects across a diverse range of residential, childcare, and small commercial projects.

You will be expected to have good design sensibility, project management skills and construction knowledge, with a commitment to producing finely crafted buildings that respond directly to our clients' brief. Working on projects at all stages, from concept through to construction, strong communication skills are essential as well as the ability to direct and mentor other staff.

Knowledge of Vectorworks is also favourable, but not essential.

We believe great design is inclusive, collaborative and enriched by our methodology. We are signatories of Architects Declare Australia and always strive to achieve the best possible environmental outcomes.

You will be joining a collaborative office environment and will be involved in design discussions relating to all projects in the office. We have a genuine commitment to your professional development. We offer a flexible workplace for healthy work/life balance.

If you are interested in joining our team, please submit your cover letter, resume and portfolio samples to paul@gardinerarch.com.au.

For more information, please contact Paul on 0419 353309.
