

Architecture Graduate / Interior Designer

harmer
architecture pty ltd

We are looking for:

A recent master or bachelor graduate who can help out with design and documentation as well as assist with the production of tender submissions and reports.

Job Description:

You will be working on a range of projects in the tertiary education, healthcare and other institutional and government sectors.

You will be working alongside the Director and Associates as a key member of the project team and you will gain valuable experience in every aspect of the design process

Experience Needed:

3-5 years experience.

Program Knowledge:

Archicad, AutoCAD, and Adobe Suite

Practice Description:

Harmer is well-known as a great place to work and learn, and our studio is located in the vibrant new heart of Collingwood.
