

Graduate or Architect with 2+ years of experience working on local boutique private houses, ArchiCad

We are looking for a new **Architectural Graduate or Architect** to join our close knit friendly team. We offer a balanced experience across all aspects of the architectural process working on beautiful and thoughtful residential and interiors projects. You will be involved in all stages from sketch design to the end of construction. You will be encouraged to develop strengths as well as learn new skills. We like to be open to new ideas, new tech and new ways of doing things.

Our studio is in a recently renovated warehouse in West Melbourne. We are close to the city and public transport and provide bike parking and shower. There is also some on street parking available.

Flexible working can be arranged to mutual benefit.

We would like you to:

- be intelligent, enthusiastic, curious and quick to learn
- have good tech abilities with Archicad, adobe suite and office
- have private residential experience
- be motivated and conscientious
- have excellent written and verbal professional communication skills
- be comfortable dealing with people outside the office
- be resourceful and tenacious in your research, and committed to finding solutions
- good graphic skills would be looked upon favourably
- driven and goal focused, able to meet deadlines
- be responsible and trustworthy
- have a good eye for beauty and detail
- have lively and active interest in what's going on in the world of architecture, art and design
- be independent and mature
- get along with others and work in a team well
- UTAS grads welcomed!

Please send CV, portfolio and university transcript of your results to jobs@hindleyandco.com.au
