

SEEKING DESIGN ARCHITECT TO JOIN OUR DYNAMIC TEAM

About You

We're looking for a talented all-rounder Design Architect with an eye for detail, strong communication skills and proven initiative. Someone who demonstrates curiosity, flexibility, and sincerity. We value team members who are adept at working both independently and co-operatively. Someone who is passionate about design and is enthusiastic and confident about working across all aspects of the architectural process – design through to delivery.

Prior experience collaborating on residential projects is essential, along with a sound knowledge of the attending principles, practices, and procedures. Presentation prowess, as well as strong organisational and administrative skills are necessary attributes.

If you want to be a part of a small practice that allows you the opportunity to design, collaborate, contribute, and evolve as an architect, then we look forward to meeting you.

Ideal requirements

- Min 3+ POST GRAD years experience
- AUTOCAD and sketch up essential
- Honed graphic and visual abilities (with an eye for fine detail)
- Practiced documentation skills
- Excellent technical knowledge of BCA, Australian Standards and construction practice in Victoria
- Proven experience/knowledge of ABIC simple and major works contracts
- Ability to coordinate and liaise with clients, consultants and authorities

Salary offer commensurate with experience and skill base.

Apply

Direct applications only please, no recruitment agencies. Only shortlisted applicants will be contacted.
