

Why STH?

STH is a leading national and international integrated architectural practice in the healthcare, residential care, health science, research and education sectors.

We strive to Care, Create and Inspire.

At STH we believe that everything we do should be informed by genuine care, exciting creativity and inspirational delivery. We exist to bring a sense of care to our people, clients and the beneficiaries of our functionally beautiful work. We believe in the power of creativity to achieve amazing designs and experiences for our people and clients. We believe that places can be sources of lasting inspiration, and our work will enable people's lives to be enriched through their experience of our great work.
