

MATT GIBSON ARCHITECTURE + DESIGN

STUDENT MODEL MAKING POSITION

We have an initial position of a physical model maker available with potential for further ongoing Student employment after.

We wish to speak to Students of Architectural courses that have completed their initial Bachelor degree but have not yet completed their Masters.

We see this as being a contract position to start which then may transition to a full or part time or year out position.

The role will include building a balsa and card model of a multi res project we are currently working on for the purpose of a Planning Application. The position will commence immediately. Please submit any applications by the end of this week Friday 22nd July.

Proficiency in ArchiCAD (preferable) or AutoCAD or both, Sketch Up, Adobe Suite & 3d modelling will all be of advantage.

Please forward your CV, Folio & cover letter to jobs@mattgibson.com.au.
