

METAXAS

METAXAS ARCHITECTS

We are an established practice with a goal of providing unique and innovative solutions on a range of projects. Our focus is on strategic planning and on producing quality architecture and urban design outcomes. Most of our work is a combination of commercial and mixed use projects with a focus on higher density outcomes.

ABOUT YOU

- 5+ years post graduate experience
- Solid documentation and detailing skills (including knowledge of regulations)
- 3D architectural software experience required
- Archicad experience desirable
- Highly motivated and passionate about design and architecture
- Take initiative and self manage
- Excellent communication skills
- Work to deadlines
- Degree in Architecture
- ARBV registered (preferred)

ABOUT THE ROLE

- You will be involved in all aspects of delivery of a project
- You must be able to work in a team environment
- You would be working on more than one project at a time
- You will be communicating with consultants and clients as required
- You will be supported by the director of the practice
- Ongoing training and professional support
- You will be working in a small practice
- Inner city location

If you think you would be a good fit for our team, please forward your CV (max limit 10MB) in the first instance to:

Email: mail@metaxasarch.com

We look forward in meeting you
