## Experienced Project Architect

- NTF are currently seeking a committed and experienced delivery specialist to join our busy team in the first instance to fill a parental leave position, but with a longer term view to continue with us.

### About us:

- NTF Architecture is a medium sized Award winning Architecture and Interior Design practice in Cremorne. We design and deliver a variety of innovative architectural projects at differing scales from private homes, multi-residential projects, commercial offices and fit-outs. We think holistically about our projects and our studio based environment is highly collaborative with a culture that is relaxed, fun and inclusive.
- 

### About you:

- You have Tertiary qualifications in Architecture.
- You have a good knowledge of Australian standards and regulations.
- You enjoy the process of putting buildings together – the collaboration, the coordination and the detail – in short, you like how shit goes together.
- You have excellent organisation & communication skills and the ability to work autonomously or as part of a team.
- You have good skills in ACAD and Sketchup with a knowledge of Archicad also desirable.
- You are legally able to work in Australia.
- Most importantly you have a sense of humour and enjoy life beyond architecture.
- 

### Your Role:

- You will be responsible for the delivery of architectural projects from design development, through construction documentation, tender and site phases.
- You will have the ability, skills & motivation to act independently with support from Directors, together with the ability to manage a documentation team.
- 

If you are looking for a great office environment, in a great location, have a passion for producing well designed, efficient, sustainable architecture and believe that you can make a difference to our business, forward your resume with a brief application letter that will convince us as to why you are the one to: [melb@ntfarchitecture.com.au](mailto:melb@ntfarchitecture.com.au).

Only shortlisted applicants will be contacted.
