

## Experienced Architect Position

Maddison Architects is a well regarded, highly-awarded design led practice. We invite you to join our vibrant office.

### About Maddison Architects

Maddison Architects is an A+ member of the AIA, and actively involved with the Institute and its activities.

Our core value of creating an original architecture that is responsive to the client and contributes to the betterment of society has resulted in recognition across the industry. Project types span residential, hospitality, educational and commercial. See our website [www.maddisonarchitects.com.au](http://www.maddisonarchitects.com.au)

Embedded in our philosophy is staff diversity, gender balance and encouragement of staff development. We stand for an inclusive and nurturing environment.

The environment we offer is open and collaborative, with all staff being aware of every project being undertaken. Our recent office fitout provides ergonomic workstations and end-of-trip facilities. We are conveniently situated adjacent to tramlines and can provide off-street carparking.

### About You

- Registered Architect with 5 years post grad experience
- Experience in all phases of service provision
- Conversant with running projects from Concept Design through to Practical Completion.
- Dedication to producing quality architecture
- Excellent design sensibility
- Good collaborative and interpersonal skills
- Proficiency in REVIT
- Software familiarity in Sketch-Up, Adobe Creative Suite
- Be responsible for Cost of Works and Time Management

### The Position

- Opportunity to engage with all phases of practice
- Be a team leader
- Work across different project types
- Deal directly with clients
- Run projects including site visitations
- Opportunity for advancement

### Remuneration

Remuneration and conditions will be negotiated depending on skills and experience.
