sr@shelleyroberts.com.au  
+61396031898

Shelley Roberts Architects are looking for a competent and confident architect to join our small practice. Apartment renovations are the specialty of the practice where we focus on both the architecture and interior design, so details are especially important.

The right fit for our team is someone who takes great pride in their drawings and understands their chief purpose is to illustrate to the builder what to build. Expertise with AutoCAD and some experience with sketch up are essential as well as having excellent communication skills.

As happens with small practices, work across a day may involve working on multiple projects, so the ability to adapt is key. As a small practice, we are flexible with work hours and will happily tailor these to suit family commitments.

Salary will be commensurate with experience and expertise.

The practice is located within the CBD in a light filled corner office on the 9<sup>th</sup> floor, the secure building has a gym and sauna which we hope will be open again when restrictions lift.

Please send CV's to [sr@shelleyroberts.com.au](mailto:sr@shelleyroberts.com.au) and include if possible, examples of working drawings.
