Detailed Design and Documentation Specialist

Role

Sibling's Melbourne office is currently seeking a talented documenter to help us through a busy period of construction documentation. The position is negotiable for a period of 3-6 months and will be focussed on the documentation of educational projects.

Why work for Sibling

Sibling Architecture is one of Australia's freshest design practices founded in a spirit of collaboration. This social desire to engage in open debate, and with contemporary architectural practice, is reflected in our strong mix of projects in the educational and cultural sectors, and underpinned by our experience in architecture, urban design, landscape architecture and interior design.

Your qualifications

- Demonstrated experience in REVIT
- Highly skilled in detailing and construction documentation of civic projects in the range of \$5-10 million in Australia
- Extensive knowledge of contemporary construction practices and material and assembly techniques; extensive knowledge of structural, electrical, and mechanical engineering as related to buildings; extensive knowledge of applicable codes, laws, rules and standards regulating the design and construction of buildings
- Be interested in design, and have flexibility to develop dynamic detail solutions to realise the design intent of projects
- The right to work in Australia
- Be based in Melbourne and available to work from the office for part or all of the week.

You will be responsible for

- Reviewing and developing the detailed design and documentation of multiple projects
- Working closely with project architects to deliver a variety of projects
- Collaborating with, and coordinating the work of large teams of specialist consultants
- Coordinating to take over projects from the DD phase onwards

Salary range will be commensurate with the experience and skills of the candidate. To apply for this position, please forward your CV and portfolio (5mb max) with Detailed Design and Documentation Specialist in the subject heading to sister@siblingarchitecture.com prior to Tuesday April 12. Interviews will be held around this date.
