It will seem dark for some time, but there is light at the end of the tunnel. Australia is here for you, we are all thinking of you. May you find strength to carry on. I'm glad you are okay. You are a survivor, I know you will get through this. We will remember you and your story. Disasters like this leave a scar on our lives, but you will heal. Thank you for your bravery in this time. My heart goes out to you and your loved ones. I pray for rain and cooler weather to offer you some respite. You are so brave, strong and courageous. I'm so relieved you're safe from the fires. May the support of all your Aussie mates and friends all over the world carry you in spirit. Much love, and take care.

We are thinking of you.
