

Zoom – Quick Guide to join a meeting from your PC or device

Before you join

- Ensure you have a PC, laptop or device that has a webcam, speakers and microphone.
- [Test](#) that your sound and camera are working.
- Best results are achieved when using a LAN/Network cable to access the internet. WIFI is an option but can be unreliable.
- Use of headphones is encouraged to reduce ambient noise.
- If you are having problems with the connection, try switch off your cameras and just view the shared screen.

To join a meeting from your web browser

1. Open Chrome
2. Go to join.zoom.us.
3. Enter your meeting ID provided by the Chapter
4. Click *Join*
 - If this is your first time joining from Google Chrome, you will be asked to open the Zoom client to join the meeting.
 - You can check *Always open these types of links in the associated app* to skip this step in the future.
 - Click Open Zoom Meetings (PC) or Open zoom.us (Mac)
